Bishopric Message

JULY 2004

This month we are turning our emphasis on family health, family activity, family culture. It seems whenever we turn on the TV or pick up the paper or magazine there are a myriad of advertisements for health food pills that will make us slim, exercise equipment, and programs that will carve our bodies into a perfect desired shape. It's wonderful how the Lord has addressed the issue of healthy eating and exercise, found in D&C 89:18-21. If you follow the word of wisdom you shall find great treasures of knowledge even hidden treasures. "And

shall run and not be weary and walk and not faint."

Summer is a marvelous time for outside family activities, it's important for children to learn that there is so much to do and learn with the family, whether it's a huge trip that has been anticipated for months, or a walk around the block. In all family activities children can learn about relationships and unity and appreciation of family and the beauties that surround us. They may not remember the nice sweater they got for Christmas but they will never forget the fun of floating down a stream on an inner tube with the family, or being chased by

a moose on a camping trip. "Train up a child in the way he should go, and when he is old he will not depart from it." Proverbs 22:6

We should also be concerned about culture. And that it's important not only to be healthy, and active but also to gain knowledge of many things. In D&C 88:118 it states, "seek ye out of the best book words of wisdom seek learning even by study and also by faith"

Have a great summer and enjoy life; we only do it once.

Love, the Bishopric

A CHOICE LAND

Behold this is a choice land, and whatsoever nation shall possess it shall be free from bondage, and from captivity, and from all other nations under heaven, if they will but serve the God of the land, who is Jesus Christ. Ether 2:12

I marvel at the miracle of America, the land which the God of Heaven long ago declared to be a land choice above all other lands.

I love America for her great and brawny strength, I love her for her generous heart. I love her for her tremendous spiritual strengths. She is unique among the nations of the earth—in her discovery, in her birth as a nation, in the amalgamation of the races that have come to her shores, in the strength of her government, in the goodness of her people. God bless America for she is His creation.

SCOUTS

The scouts have successfully (meaning all are alive) completed a 12 mile back pack adventure to Desolation Lake. This is one of the most beautiful hikes on the Wasatch range. However, it snowed and rained the last 3 hours of this hike and it really put the troop to the test. The boys were all prepared and had their rain gear on in a hurry. It snowed and rained pretty hard as we trudged up some pretty steep hills, but the boys were great. They made it (one step at a time) with 25 pounds of back pack going up awful hills to Dog Lake and finally Desolation lake. They loved hiking in the rain and snow! Some quotes we heard as we slogged through the snow: Taylor Cash, "I want my mommy" Scott Edwards, "I want my mommy" Richard Rollins, "I want my mommy" Josh Goodfellow "I want my mommy, I think I can hear the lake" (repeated 10 times) Parker Lloyd and Kenny Milne, "We want our moms. Our dads are the worst scout leaders ever" As you can tell by these accurate quotes ... they loved this adventure. Even Chief Scout Lloyd was heard to sigh, "I wonder if my sweet Georganne will miss me". Well, the rain and snow stopped about when we arrived at the lake. We set up camp and had a big fire going and ate a great dinner. The scouts had their tents up and kept dry. We heard coyotes at night and saw a beautiful sunset reflected off the mountain range. The boys now know what they need to do to be prepared for the big 50 miler. (No more soda pop, no more sugar!) Well, we love your boys. What they accomplished on Friday is something they should be very proud of ... we are proud of them! We also want our mommies!

RELIEF SOCIETY

We had a wonderful time at Enrichment in June. Everyone was able to take home some information on "Summer Savers". Kaylin & Missy Nydegger gave us so many tips recipes for summer eating and provided the yummy refreshments. We appreciate all the work they did on our behalf. We also want to thank Kimmi Sanderson, Darlene Visser & Chyrrel Cook for their willingness to teach the mini-classes. The sisters in attendance all enjoyed themselves. Enrichment is coming up on Wednesday, July 14th at 7pm. We will be having a computer skills class, a bread making class, a table for those who want to Scrapbook, and you are welcome to bring any other project to work on. If you have a craft project from a previous Enrichment night contact Lori Hanson and she should be able to help arrange a way for you to complete it on this night. Relief Society Temple Day will be July 8th at 9am for an Endowment Session (Carpool with Gina) and Saturday July 17th for Initiatories at 6:30am (carpool with Krisy) and then at 7am (carpool with Kary). We appreciate the time Nan Teerlink spent as a teacher in Relief Society, we all enjoyed her lessons and the spirit she brought to our meeting.

TO DO LIST:

- Create a family website to communicate, share pictures or post family events and happenings. Try www.gatherround.com or www.myfamily.com.
- Log onto www.familysearch.org and www.cyndislist.com just to see what all the fuss is about.
- Call one of your Ward Family History Consultants and ask for help on how to get started.

PRIMARY

Thanks to all who attended and helped with the annual school's out carnival. It would not have been a success without you.

We are thrilled to have Sister Mary Bye working with our senior primary girls as an achievement day leader.

We are sad to see Sister Mary Demingo but thank her for her love and service to the Primary those past few months.

We are trying to have better reverence and respect in Primary. Parents please encourage your children in this endeavor.

Thanks.....
