## Linda Grover Samuels

Linda Grover Samuels GRAMMY Linda Samuels passed away at home June 16, 2004 surrounded by family and friends who loved her following a three year battle with cancer. Born in Murray, Utah on August 9, 1944 to Roscoe and Lucille Grover, Linda was the youngest of five children and raised in Draper, Utah. Married Ralph Tolman, later divorced but always remained good friends. She married Cliff Samuels in 1988. Linda was a brave, courageous, intelligent and loving mother, step-mom, grandmother, wife and friend. Anyone who knew Linda would say that she was one of the most generous and unselfish people you could ever know. Her commitment and dedication to her children and grandchildren is only surpassed by her total unconditional love of family. She always had a place in her heart for the Tolman family and her love for them was always strong. Reading and time spent with friends and the Ya-Yas' she felt was time well spent - she learned from both. She is survived by her husband, Cliff; children Beau (Diane) Tolman, Chance (Paige) Tolman and Cache (Lindsey) Tolman; stepchildren Rowdy (Kristen) Samuels, Colton Samuels, and Misty Samuels; also survived by 10 grandchildren; sisters Ann (Wayne) Mineer, Deon (Ric) Williams, brothers Clyde (Lupe) Grover, Kent (Judy) Grover. A special thanks

to Cliff for his unwavering love and support through the most difficult times. As has been said many times, he is a saint and this experience was better because of his efforts. At Linda's request there will be no funeral services. Linda has donated her body to the University of Utah School of Medicine for research purposes. In lieu of flowers, Linda would rather have everyone make a donation to the American Cancer Society. She will be missed by her family and her many friends. We are grateful that her suffering is over and we hope the reunions she is experiencing now are bringing her great joy and happiness. Sleep well and without pain - we love you.
